

## PRO75D

Energy Meters - Economy  
MID Approved B+D

MID  
CERTIFIED  
ECONOMY

- MID approved B+D
- 75mm wide DIN rail mounting
- Single phase
- Up to 100A direct connection
- 6+2 digit LCD display
- Accuracy class B (EN50470.3)
- Pulse output
- 230V 50/60Hz measured voltage

## PRO1D

Energy Meters - Economy  
MID Approved B+D

MID  
CERTIFIED  
ECONOMY

- MID approval pending B+D
- 18mm wide DIN rail mounting
- Single phase
- LCD display
- Up to 45A direct connection
- Can be used for billing purposes
- Accuracy class B (EN50470.03)
- Pulsed output
- 400V 50/60Hz measured voltage

Model **PRO1TE**

## ADM1D V1.0

Energy Meters - Economy

- 18mm wide DIN rail mounting (1 module)
- Single phase
- Up to 32A direct connection
- LED display
- Accuracy class 1
- Pulsed output
- Measured voltage 230V 50Hz

Model **ADM1D**

## ADM2D V1.0

Energy Meters - Economy

- 35mm wide DIN rail mounting (2 module)
- Single phase
- Up to 100A direct connection
- LCD display
- Accuracy class 1
- Pulsed output
- Measured voltage 230V 50Hz
